Honorable Members of The Local Government Committee: Kim Gillan, John Esp, Kelly Gephardt, Bob Hawks, Carol Juneau, Rick Laible, Lynda Moss, Jerry O'Neil, Mitch Tropila, & Carol Williams:

Please vote against SB 527, as this bill would essentially deter the construction of affordable condo/townhouse developments which are an essential source for good quality affordable housing. I work with affordable housing and am committed to assisting people in this category of homeowners. There already exist too many obstacles to ownership for people in this area of housing. Price and inflation is a major concern and this bill would be very detrimental to this area of housing.

Please vote against SB 527!

Respectfully yours,

Tim Hudson
